
DOCKSIDE CONSTRUCTIONS

BUSINESS PROFILE

Building Infrastructure. Delivering Excellence. Creating Value.

About Us

Dockside Constructions Private Limited (DCPL) is a professionally driven infrastructure and construction company delivering high-quality engineering solutions across industrial, commercial, and public sectors. With a strong foundation in civil engineering excellence, DCPL has built a reputation for reliability, precision, and timely execution.

Backed by a team of experienced engineers, skilled workforce, and advanced machinery, the company has successfully executed a wide range of projects including industrial facilities, road infrastructure, structural works, and turnkey civil solutions for leading corporate and government clients.

At DCPL, we are committed to maintaining the highest standards of quality, safety, and sustainability. Our approach combines technical expertise, innovative methodologies, and efficient project management to deliver results that consistently exceed client expectations.

With a growing portfolio and strong industry presence, Dockside Constructions continues to position itself as a trusted partner in infrastructure development.

Vision

To be a benchmark-driven infrastructure company delivering world-class construction solutions, transforming ideas into enduring assets, and contributing to the nation's growth through innovation, precision, and sustainable development.

Mission

- To deliver projects with uncompromising quality, safety, and efficiency
- To adopt advanced technologies and modern construction practices
- To create long-term value for clients through reliable execution
- To empower our workforce and build a culture of excellence
- To contribute to infrastructure growth with responsibility and sustainability

Core Values

Execution Excellence

We believe execution defines reputation. Every project is delivered with precision, planning, and performance-driven processes.

Built on Trust

We don't just build structures—we build lasting relationships through transparency, accountability, and consistent delivery.

Engineering Mindset

Our decisions are driven by technical expertise, innovation, and practical solutions that ensure long-term durability and efficiency.

Sustainable Thinking

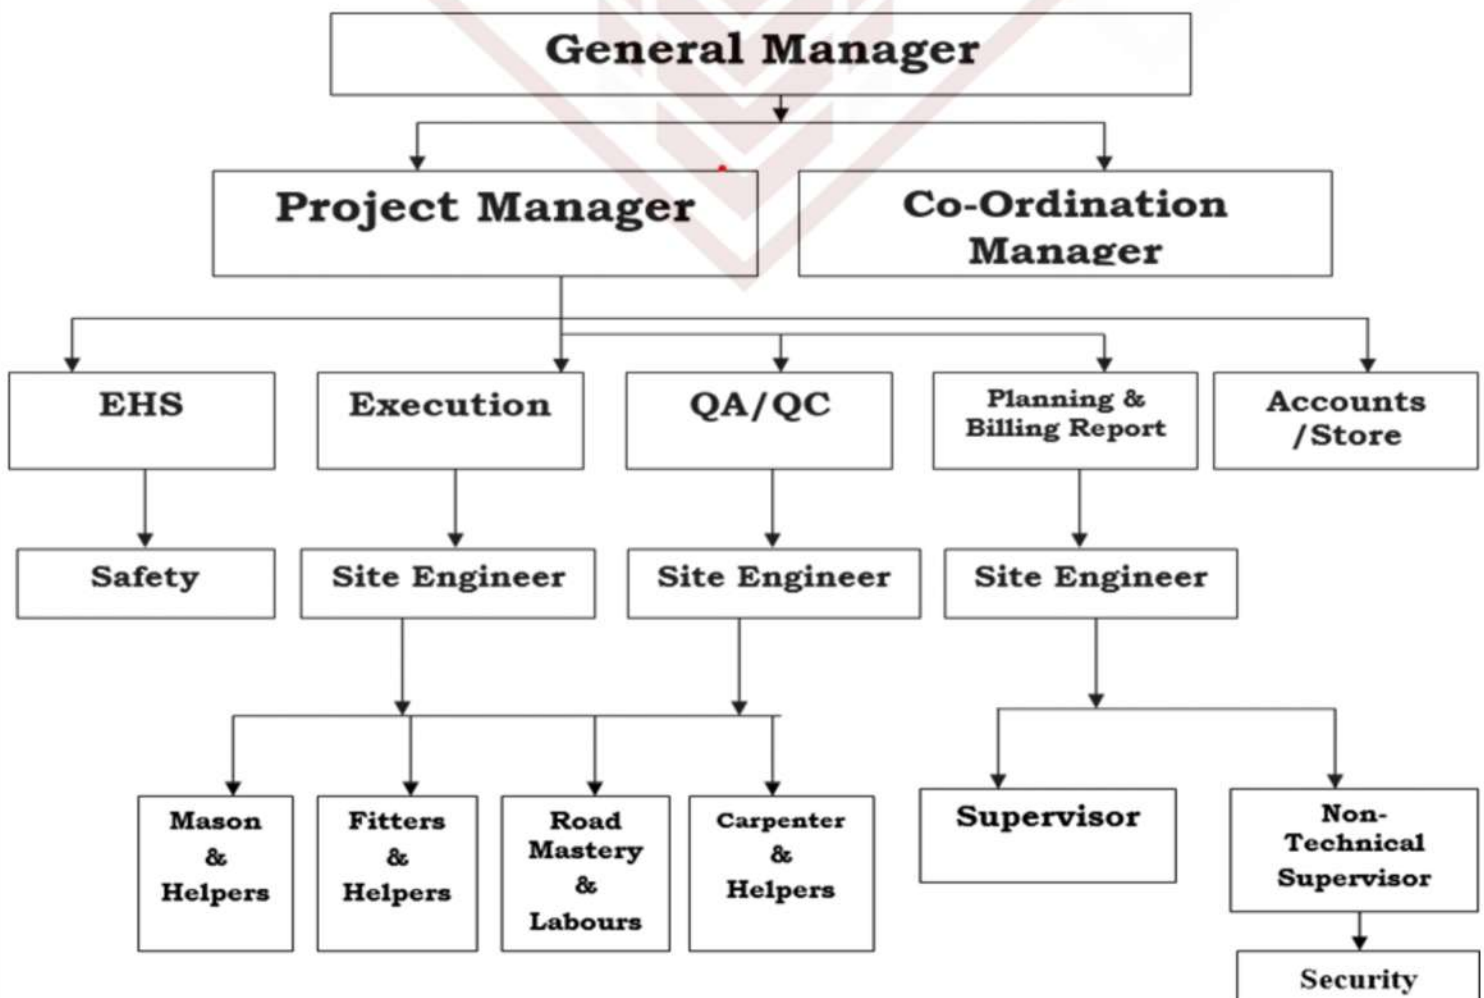

We focus on eco-conscious construction practices that minimize environmental impact and promote long-term sustainability.

Core Services

- **Civil Construction** – Residential, commercial & industrial works
- **Road & Highways** – BT/CC roads & infrastructure development
- **Railway Works** – Siding & related infrastructure
- **Electrical Works** – HT/LT installations & utilities
- **Industrial Projects** – Warehouses, factories & renovations
- **Project Management** – Planning, execution & consultancy
- **Water Infrastructure & Drainage Works** – Storm water drains, culverts, drainage systems, water management & related civil infrastructure
- **Road Safety & Traffic Management Systems** – Supply & installation of road safety equipment, signage, barriers, road markings & traffic control solutions

Management Chart:

Leadership Team

1)Ms. Kalaimakalle Alice

Managing Director

A visionary leader driving Dockside Constructions Private Limited with a strong focus on quality, growth, and operational excellence. Under her leadership, the company continues to expand its footprint across infrastructure and construction sectors, delivering projects with reliability and professionalism.

She is committed to building a performance-driven organization that emphasizes client satisfaction, timely execution, and long-term value creation.

2)Ms. Viviya Reddy

Director – Technical

A highly accomplished civil engineering professional with strong expertise in project execution, design coordination, and engineering management. She has successfully handled diverse projects across residential, commercial, and industrial sectors. Her approach combines technical precision, sustainability, and effective team coordination to ensure seamless and high-quality project delivery.

3)Mr. Sravan Reddy

Director – Projects

An experienced construction professional with deep expertise in project management, execution, and operational strategy. He has successfully managed large-scale projects with a focus on cost optimization, quality control, and timely delivery.

4)Mr. R. Senthamizhselvan

Director – Engineering & Strategy

A seasoned professional with strong technical expertise in structural engineering and infrastructure development. With extensive experience in project planning and execution, he plays a key role in guiding engineering decisions and strategic growth.

List of Works Completed during the last 5 Years
